## **Home Australian Parachute Federation**

About the APF. The Australian Parachute Federation (APF) is the peak body for the administration, regulation and representation of Australian Sport Parachuting.

## **Static Line Wikipedia**

A static line is a fixed cord attached to a large, stable object. It is used to open parachutes automatically for paratroopers and novice parachutists

## **Skydiving Quotes**

A collection of quotes about skydiving. The skydiving experience isn't without a myriad of perks: you'll receive a photograph of yourself taken upon mid-air exit of the aircraft, with your face hideously contorted into a look of abject horror.

## **Cessna 182 Skydiving Aircraft DiverDrivercom**

This narrative was written by a knowledgeable pilot with many years of jump pilot experience and many, many hours in type. It is not intended to teach you how to fly this aircraft in initial checkout, but rather to give you direction for how to fly this aircraft with skydivers.

## **Wind Shear Wikipedia**

Wind shear (or windshear), sometimes referred to as wind gradient, is a

difference in wind speed or direction over a relatively short distance in the atmosphere. Atmospheric wind shear is normally described as either vertical or horizontal wind shear. Vertical wind shear is a change in wind speed or direction with change in altitude.

**Jump Pilot Training Syllabus DiverDriver.com**

DiverDriver.com is a resource to help new and old jump pilots learn to fly skydivers safely. Learn more...

**Equipment Australian Parachute Federation APF**

EQUIPMENT STANDARDS / Service Bulletins. While every effort is made to maintain and update this list, the APF makes no claims that it is either definitive nor exhaustive.

**Job Search Canada Find Your Next Job Working.com**

Working.com - Canada's most comprehensive job search engine. Find your dream job today!

**COMBAT MilTerms B**

The emphasis of this educational reference is on words and phrases that appear in published works about war and military service; and amongst this jargon and slang, there is no pretense of objectivity or completeness, which may be readily found in official documents or government resources.
